RAYAN ALI ABUQADDOM

Data Science and Artificial Intelligence Undergraduate

Amman, Jordan | +962 79 745 1416 | rynabuqaddom@gmail.com

PROFESSIONAL SUMMARY

Data Science and Artificial Intelligence undergraduate at Al Al-Bayt University, ranked first in the Department of Data Science and Artificial Intelligence, with research and innovation experience across Jordan, Spain, Saudi Arabia, and Egypt. Research interests span machine learning, natural language processing, and educational technologies, with a commitment to developing AI-driven solutions that address societal and environmental challenges through research, innovation, and entrepreneurship.

TECHNICAL SKILLS

Programming Languages: Python, Java, C, C++, JavaScript, HTML/CSS, Arduino

AI & Data Science: Machine Learning, Deep Learning, Natural Language Processing, Computer Vision, Learning Analytics, Data Analysis, Data Visualization (Power BI, Tableau), SQL

Libraries & Frameworks: PyTorch, Scikit-learn, Pandas, NumPy, OpenCV, Hugging Face Transformers, Flask, React

Tools & Software: Git, GitHub, Microsoft Office, Canva

EDUCATION

Bachelor of Science in Data Science and Artificial Intelligence *Expected July 2026*

Al Al-Bayt University – Mafraq, Jordan

- GPA: 3.79 / 4.00 (**Ranked First in the Department of Data Science and Artificial Intelligence**)

Erasmus+ KA171 Exchange Student *September 2025 – February 2026*

University of Valladolid – Valladolid, Spain

- Completed an international academic exchange under Erasmus+ KA171 and conducted a research internship in Artificial Intelligence and Learning Analytics at the GSIC/EMIC Research Group.

RESEARCH EXPERIENCE

Research Intern *November 2025 – February 2026*

GSIC/EMIC Research Group, University of Valladolid – Valladolid, Spain

- Developed Python-based preprocessing pipelines for multimodal educational datasets within an international, interdisciplinary research environment.
- Trained, evaluated, and analyzed transformer-based models, including BERT and AudiBERT, for educational data analysis tasks.
- Conducted systematic literature reviews on multimodal learning analytics and AI in education; presented technical findings and research progress to supervisors and team members.
- Collaborated with researchers from diverse academic and cultural backgrounds across multiple ongoing research initiatives.

PUBLICATIONS

Arabiat, M., Hamad, K., **Abuqaddom, R.**, Alissa, L., Alshdaifat, N., Abuowaida, S., & Abu Romman, A. (2025). Automated Brain Tumor Classification Using ConvNeXt-Tiny and Colorized MRI: A Deep Learning Approach With Enhanced Interpretability. In *Proceedings of the 26th International Arab Conference on Information Technology (ACIT 2025)*, Alexandria, Egypt. IEEE.

CERTIFICATIONS & TRAINING

- AWS Educate: Developing Machine Learning Solutions
- AWS Educate: Exploring AI Use Cases and Applications
- AWS Academy Graduate: Machine Learning Foundations
- Business Intelligence Program, Nomu Start Initiative, Al Hussein Technical University
- Data Entry and AI , NMK company & Ministry of Digital Economy

SELECTED PROJECTS

AI-Based Smart Rainwater Drainage Monitoring Inlets System – Undergraduate Capstone Project

- Integrates AI, IoT sensors, and real-time analytics to improve flood resilience in Jordan.
- Associated manuscript in preparation for publication.

Robotics Systems Development

- Designed and built robotic systems, including an interactive robotic head and a robotic hand integrating sensors, computer vision, Arduino, and AI-based functionalities.

Jordan SkyGuide AI

- AI-powered interactive educational platform designed to enhance astronomy and space-science education in Jordan through voice interaction, real-time sky visualization, and localized astronomical content, aiming to broaden STEM accessibility for young learners.

RECO Coffee Upcycling Initiative

- Award-winning sustainability and circular-economy initiative transforming coffee waste into environmentally sustainable products.

LEADERSHIP & PROFESSIONAL EXPERIENCE

Marketing Team Leader & Public Relations Member *October 2024 – Present*

IEEE Computer Society, Al Al-Bayt University

Social Media Leader *2025 – Present*

IEEE Women in Engineering (WIE), Al Al-Bayt University

Ambassador *2022 – Present*

Center of Excellence for Innovation and Entrepreneurship, Al Al-Bayt University

HTUx Ambassador *2024 – 2026*

Al Hussein Technical University

Content Creator *March 2025 – 2026*

Tech3arabi

Member *2024 – 2025*

AIESEC Jordan

HONORS & AWARDS

- **Princess Alia Award for Innovation and Entrepreneurship** – 2025
- **Erasmus+ KA171 Scholarship** – 2025 – Competitive merit- and excellence-based international scholarship
- **Participant, Mawhiba Programs for Gifted Students**
- **Best Problem Analysis Award, English Language Olympics (ELO)** – 2024
- **Second Place, MEDDebate Future Panel** – 2024

PROFESSIONAL DEVELOPMENT & ACADEMIC ENGAGEMENT

- Research Paper Presenter, 26th International Arab Conference on Information Technology (ACIT 2025), Alexandria, Egypt
- Selected Participant, First International Conference: Universities and Artificial Intelligence Technology, Jordan, June 2024
- Attendee, Global AI Summit (GAIN), Riyadh, Saudi Arabia, 2024
- Participant, AstroCode 2026 Hackathon, Amman Arab University
- Participant, Makers Choice Jordan, 2024

COMMUNITY ENGAGEMENT

- Volunteer, Basmat Al-Hayat Initiative
- Volunteer, La Olma Environmental Association, Valladolid, Spain
- Volunteer, Nahno National Volunteering Platform, Jordan
- Volunteer, TEDx Zarqa University
